<tr>
<td>GREAT! It is going to come from a pharmacy in Canada.</td>
<td>✫ This medicine may come from anywhere; it's just shipped through Canada.</td>
</tr>
<tr>
<td>If medicines at Canadian pharmacies are fine, this website for a Canadian pharmacy is safe too.</td>
<td>Medicines from online pharmacies can come from anywhere, regardless of what the website says.</td>
</tr>
<tr>
<td>Canadian government inspects medicines being shipped out of Canada.</td>
<td>The Canadian government does NOT inspect medicines being shipped out of Canada – whether they originate in Canada or elsewhere.</td>
</tr>
<tr>
<td>GREAT! This looks like what I ordered.</td>
<td>Allowing medicines to be imported from Canada risks patients being hurt by counterfeit and dangerous medicines.</td>
</tr>
<tr>
<td>Canadian medicines are safe.</td>
<td></td>
